Subject: Application for Apprentice FY-26

Respected Fujitsu Recruitment Team,

I am Writing to express my Interest in Apprentice Opportunities at Fujitsu. I am Currently in my Final Year of Bachelor in Technology in information Technology and will Be graduating in FY 2026. I am Eager to begin my Professional Career with an Organization that values Innovation ,collaboration ,work life Balance and Sustain technological advancement.

It is glad that I got opportunity to write Cover Letter for this position which I was waiting for then one Year .Also apart from this I have Strong foundation in java and object oriented Programming. I have hands on experience on Spring mvc and Springboot.

In addition to backend Development, I have a strong Exposure to Full Stack Development using React Typescript,node js and postgresql. I have also worked on various IoT project (Digital Gas Regulator for SmartHome) During my Internship. Which given me both Software and Hardware knowledge, this helps continuously hone my problem Solving Skill.

I am Particularly Inspired by Fujitsu Commitment to innovation and building trust in society through technology. I am confident enough that technical Foundation is Strong enough to learn any technology or tool rather sticking to one which every engineer needs in today world,and Willingly will learn more .

I Look forward to being considered for suitable role and to the opportunity to contribute to Fujitsu's mission , and one thing addition I have typed by myself not chat gpt pasted .

Sincerely

Pratik Narule
